EXCEPTION LETTER FROM THE MINISTRY

This letter of exception & explanation is authorized & empowered by Laws guiding, following & governing the Russia Federation under the sub-section 211AB of the 1999 constitution. This letter of exception & explanation is to stand in the transaction between Russia very own Public Joint Stock Company (PJSC) Saratov Oil Refinery & [REDACTED], on the sales of Russia Aviation Kerosene Jet Fuel (JP54), 2.000.000 Barrels for two various sales of 1.000.000 Barrels for each sales with a transaction Ref No: REF NO PJSC-SOR/ CI-858491-JP54/2019 / REF NO PJSC-SOR/ CI-746022-JP54/2019.

The basic reasons behind this letter is to justify that after a due proper observations on the DTA'S copies which is supposed to be signed and sealed by the Ministry, we noticed that there is no indicated Buyer Tanks information's to receive these fuels from the seller which in such cases the DTA'S copies are incorrect or incomplete to be accepted for the sales of this transaction between Russia very own Public Joint Stock Company (PJSC) Saratov Oil Refinery & [REDACTED]

So before the ministry can accept endorsing the DTA'S for the approval for the purchases of these fuels by the buyer [REDACTED], there must be the complete tank information's and details of the buyers tanks to show that the buyer are ready in all positions both financially and logistically to receive these fuels from the seller as a guarantee of the buyer's readiness. So that case, the DTA'S is in complete and must be completed within the possible time for our final signatories & approval of these sales.

"WARNING"

The buyer company [REDACTED] must act by the given laws from the ministry of Energy without any justification's, and must provide the correct and complete DTA'S copies having their tanks details and information's.
